

# IN LOUISIANA, THOUSANDS OF PEOPLE ARE WAITING FOR ORGAN TRANSPLANTS

**1 organ donor can save up to 8 lives**, restore the sight of 2 people and enhance the lives of 75 more through tissue donation.

Even the **largest football stadium** in the U.S. could not fit the number of patients on the national transplant waiting list.

**17 people** die each day waiting for an organ.

Every **9 minutes**, another person is added to the waiting list.

**95%** of U.S. adults support organ donation, but **only 58%** are registered as donors.

Your life comes first. Registering your decision to be an organ, eye & tissue donor will not affect medical care

People of all ages and medical histories have the potential to be a donor

There is no cost for donation. Medical expenses prior to death & funeral arrangement costs are paid by the donor's family

All major religions support donation as an unselfish act of charity

*Register your decision to be an organ, eye and tissue donor at the OMV or visit [www.DonateLifeLA.org](http://www.DonateLifeLA.org), LA Wallet or Health App*
